Map

While rather small, the Continent has a vast range of cultures, landscapes, and people. To the North is the Empire- a vast, cold kingdom laden with mountains, tundras, and spruce trees. To the southeast are the Opus Isles, fertile land with many fruits and a diverse people. To the southwest are the Vaults, and the enchanted forest that protects them. To the far west, Libra. Surrounded by mountains and magical lakes, this kingdom is one of inherent enchantment.

PART 1

Article 1:

All disputes which might arise in the future on the subject of boundaries of the said continent may be prevented, it is agreed upon and declared, that the following are and shall be their boundaries, viz.; the newly acquainted LIBRA may lay claim to the west of the grandiose forest until its magicks are near indistinguishable with those in its land's; the VAULTS will entertain the fade of trees as the border regardless of interest in expanding above ground; LIBRA's northern borders in light of the GREAT SHIFT are agreed upon by the EMPIRE as a solid stretch of valley by a line due WEST of NARCISSUS' WATERS. LIBRA, VAULTS, and EMPIRE agree upon NARCISSUS' WATERS to remain a trade route established between all three withstanding nations under the guidance of LIBRAN seafaring and ownership; VAULTS will permit the strip of land SOUTH of LAKE LAKE for the OPUS ISLES; thence to provide more resources post GREAT SHIFT, the border of OPUS ISLES and EMPIRE will be drawn like a line due EAST of LAKE LAKE, as the sustainability of the OPUS ISLES with proper and reassessed agreement will not compromise the necessary resources to distribute to its own patrons; the EMPIRE and VAULTS will draw its border at the SOUTH of NARCISSUS' WATERS due WEST of LAKE LAKE.

Article 1.a

Persons of any description shall have free liberty to go to any part or parts of the four nations of the CONTINENT, and may obtain the values of land, rights, or properties that have been compromised in lieu of Article I for equal compensation agreed upon by a neutral party. Alternatively, said persons affected may petition its governing force for dual citizenship and maintain ownership over their territories. Any

and all acts of insurgence will strip the persons of any lay to the land they are petitioning and may be met with full force of the law from the opposing and defending nations.

Article 1.b

The navigation of the lake LAKE LAKE, from its source HELTON STRAIT, shall forever remain free and open to the subjects of the EMPIRE, the subjects of OPUS ISLES, the subjects of LIBRA, and the citizens of the VAULTS.

Article 2:

It is agreed upon the representatives of the EMPIRE, OPUS ISLES, and the NEUTRAL ASSOCIATED POWERS that the governing sovereignties will forgo all conflicts that will incur more physical losses of its persons unless in attempts of defense or confiscations of land breaching the agreements of Article 1 or treaties drawn henceforth. It is agreed that all members representing their nations will provide representatives when due, and any representatives at the time of this legislature speak and represent their nations regardless of their transmission of power dependent on their individual ways of governing.

There shall be a firm and perpetual peace between His Majesty Emperor PHILZA MINECRAFT WATSON-SOOT of the EMPIRE, the COUNCILMEMBERS of LIBRA, the REPRESENTING COMMITTEES of the VAULTS, and His Majesty King THOMAS INNES-INNIT of OPUS ISLES. All hostilities by both sea and land shall from henceforth cease. All prisoners on both sides shall be set at liberty, and His Majesty Emperor PHILZA MINECRAFT WATSON-SOOT shall with all convenient speed, and without causing any destruction, withdraw all his armies, garrisons, and fleets from the OPUS ISLES in a manner appropriate to quelling potential uprisings within the citizens of OPUS ISLES. They are also ordered and cause all archives, records, deeds, and papers belonging to any of the said states, or their citizens, which in the course of the war may have fallen into the hands of his officers, to be forthwith restored and delivered to the proper states and persons to whom they belong or any remaining lineage.

Article 3:

The representatives of the EMPIRE, OPUS ISLES, and the NEUTRAL ASSOCIATED POWERS recognize and agree in lieu of GREAT SHIFT the output of necessities like food and water, or other resources are no longer sustainable in each governing sovereignty. It is agreed upon that vulnerable populations have varying needs, and as such, it is the duty of each nation to employ the proper TRANSPORTATION, TRADE, and ENGAGEMENT of humanitarian aid as their own responsibility. Annual conventions shall commence henceforth regarding humanitarian aid with selected representatives to address the sliding scale of resources leant to each and every nation and their output to ensure the prosperity of all citizens existing in the CONTINENT. Any and all excess resources will be treated as ration and will not carry tax or currency value until a foothold is established in each and every nation on the CONTINENT; When they are capable of sustaining food or water in non-emergency situations, these rations shall be provided on population-based data and separated at TURNSTONES to be later delivered and distributed at the capitals of every nation to later dividend to the appropriate townships capable of being spoken and provided for.

Article 4:

To ensure prosperity between all representing powers of the CONTINENT by all peoples any embargoes that interrupted commercial or private trade in exported or imported goods will be dropped in immediate effect. Furthermore, the taxation of imported or exported goods that have experienced an increase due to funding the war effort will either be established into other financial means or relinquished to pre-conflict barring accordance with inflation; All goods will have the opportunity to be traded freely barring pre-established taxation; Any nation represented raises its price of non-luxury imports to affect other nations without a mutual and written agreement observed by a third neutral representing nation will be in violation of Article 2 & Article 3.

Article 5:

This is in accordance with the eventual termination of military occupation, so long as OPUS ISLES provides satisfying evidence of independent measures in employing the treaty's agreed terms. All past misunderstandings will be forgotten, and

differences that have unhappily interrupted the good correspondence and friendship which they mutually wish to restore, and to establish beneficiary and satisfactory relationship, between the two countries upon the ground of reciprocal advantages and procuring perpetual peace and harmony between these two nations and those neutral in witness of this reclamation.

His Majesty King THOMAS INNES-INNIT of OPUS ISLES upon signature of this treaty recognizes his inability to govern his nation and will abscond all responsibility and status of His Kingship and appoint His Majesty Emperor PHILZA MINECRAFT WATSON-SOOT as the OPUS ISLE's occupying force until a more long-term solution presents itself. By witness of every nation and their represented signatures, His Majesty King THOMAS INNES-INNIT of OPUS ISLES will be provided an appropriate convergence and council of all present powers to reassess his right to throne upon the tutelage and decisiveness of His Majesty Emperor PHILZA MINECRAFT WATSON-SOOT.

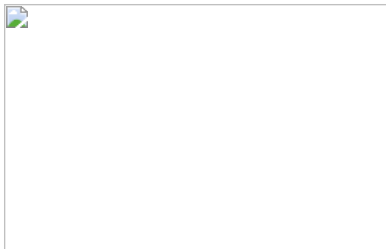

Article 5.a

Should His Majesty Emperor PHILZA MINECRAFT WATSON-SOOT find His Majesty King THOMAS INNES-INNIT ill-suited to reestablish His Kingship or lack reasonable faith in his rehabilitation, His Majesty King THOMAS INNES-INNIT agrees forthright to a permanent surrender of his right to His Prime-Given Right as Heir to the OPUS ISLES. Another council between the nations will convene and discuss the appropriate following measures including but not only the potential of assimilation into the EMPIRE, appointing a new Kingship, or dividing the fruitful and sustainable farmlands of the OPUS ISLES between the EMPIRE, LIBRA, and the VAULTS.

in representation of their associated Powers, as:

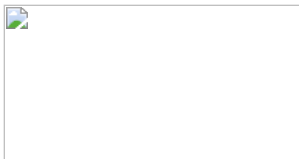

Emperor Philza Minecraft Watson-Soot

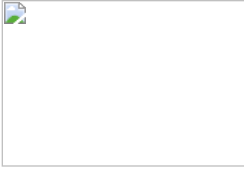

Head Councilwoman Hannah Rose

King Thomas Innes-Innit

Samuel Dude, Committee of Diplomatic Affairs Head

Chapter End Notes

translation of the articles!

- 1: establish where borders are drawn and made
- 2: no conflict between the nations that represent the treaty (so no government-official attacks or disputes)
- 3: humanitarian aid (if that is something that was agreed upon); so if someone's nation is in humanitarian crisis (like in need of food), they would try to ration and assist
- 4: fair trade between all representatives; discussion of taxation has to be discussed between both nations involved via import and exported goods
5. tommy gives up his title and is put under the care of philza, with the condition that one day he can be reassessed to be king
